## [This week](#)

Our Special Guest today is a mystery. Lion IVP Dave TAPIE sent out requests for a speaker and a woman called his phone and left a message that "Jim" would be her. Unfortunately, she didn't leave a name or phone number, so Lion Dave is unable to provide more information.

Whoever this Jim, let's sign him up. He's real Noontimer material.

family isn't together when the emergency hits and lots of supplies at his house. This was a timely and interesting program.

## [Next week](#)

It's the day you have all be waiting for. Next week is the installation when we get to ceremoniously throw out the jerks who have been running the Noontimers into the ground and replace them

with even bigger jerks who will perform the ruination even faster.

## [Last week](#)

David A. Hansen, District Manager for the County of Ventura Division of Building and Safety, dropped by to talk about his hobby: Emergency Preparedness. With the very real threat of earthquake, tsunami, fire, flood, landslide and terrorism, all of us need to think about what we are going to do in an emergency. David keeps a kit with 3 days of food and water in all his cars, has designated meeting places in case the

## [Winners](#)

Lion Sig ASKVIK has Free Fines today, while Lion P Will BERG is our Greeter. Lion D Ross OLNEY pocketed the \$15 Attendance Prize last week, so Lion Byron WEDEMEYER will only grab \$5 if he show up today. In the Mad Marble Malarkey, Lion TT Tom CONTRARES attempted to garner the entire \$221.50 (as TT he doesn't have to pay fines), but jus-

tice prevailed and Lion Carlos MARTINEZ' words turned prophetic.

### [Installation](#)

The Installation is next week at our regular meeting. Your BE knows you have been waiting for this event, because two Noontimers have asked me if today was the installation and I had to correct them.

This should be a great event. Lion IVP (incoming P) Dave TAPIE thought we could have a less expensive event, put it at the regular time so we'd have better attendance and then use the event to attract new members.

Be sure to sign up and let Lion Dave know how many are going to eat so he can let catering know.

### [Notes on Emergency Preparedness](#)

David Hansen sent out a PDF on his presentation, which you can request via email to Lion IVP Dave TAPIE. Here are some highlights:

A 7.8 magnitude quake, which California has suffered several times in outlying areas, could easily hit metropolitan LA — in fact we are overdue.

Estimates are that such a quake would cause 1,800 deaths, 50,000 injuries with 225,000 people displaced. In addition 1,600 fires will threaten a 1906 San Francisco earthquake/fire scenario as the number of fires would be more than the collective fire departments could handle even without the quake. Add in the disruption of the quake (freeways and roads closed by bridge collapses, etc.) and things could get out of hand quite quickly.

At a minimum you need to be able to survive for 3 days, and more than a week is possible, without food, water, electricity, gasoline or other provisions from external sources. Are you prepared?

We don't have space here to cover all the things you need to do to prepare for an event. Get the PDF from Lion Dave, view it and put his suggestions into practice.

## calendar

June 19th \_\_\_\_\_ Installation at regular meeting

June 24 \_\_\_\_\_ Bored Meeting: Lion D Todd REHANEK's house, 6 PM (Incoming & Outgoing Boreds Required to Attend)
